A NEW RUNWAY

YOUR LONDON AIRPORT
Gatwick

AT A GLANCE

London Gatwick is the UK's second largest airport and the most efficient single-runway airport in the world.

London Gatwick is the UK's second largest airport and the most efficient single-runway airport in the world.

We serve around 200 destinations (more than any other UK airport) in 90 countries for 34 million passengers a year on short and long haul point-to-point services. The airport is also a major economic driver for the South-East region, generating around 23,000 on-airport jobs and a further 13,000 jobs through related activities.

London Gatwick is 28 miles south of London with excellent public transport links into the heart of London and elsewhere. It's quicker to get from Gatwick to central London than from other London airports taking just 28 minutes from the airport direct to the financial district in London or 30 minutes to key tourist attractions.

Gatwick Airport is owned by group of international investment funds, of which Global

Infrastructure Partners is the majority shareholder.
