ORAN PARK TOWN CLOCKS UP A THOUSAND HOME SALES

20 January, 2014

Oran Park Town is living up to its reputation as Sydney's fastest growing town, passing the milestone of 1,000 property sales recently and quickly moving towards 1,500 sales.

Empty nesters, Ray and Nancy Dwyer from Mount Annan, who bought the 1,000th lot at Oran Park Town, said the block of land was the second property they have bought in the town in the past 12 months.

Last year, the Dwyer's bought an investment property at Oran Park Town through local investment brokers, Modern Wealth Management.

Mr. Dwyer said when they were offered another block of land at Oran Park Town they jumped at the chance.

"It was like connecting all the dots in terms of investment opportunities and our future living needs. This time around we actually plan to live in the property.

About 10 years ago, I was lucky enough to get invited to test drive the new Holden Monaro with Peter Brock at the old Oran Park Raceway. It was an experience I'll never forget.

We love the street names, parks and references to Oran Park's racing history. Soon I'll be driving up Peter Brock Drive to get home," said Mr. Dwyer.

Ray and Nancy plan to commence building their dream home at Oran Park Town later in the year.

Robert Sullivan, Landcom's General Manager Corporate Marketing said the Oran Park Precinct is the boomtown of Sydney's South West.

"We are moving earth at Oran Park Town quickly, and home site production is well ahead of schedule.

In 2013, we sold 500 lots at Oran Park Town. With so many home sites in the production pipeline, we could possibly double our sales in 2014," said Mr. Sullivan.

By the end of the year, when the largest Woolworths supermarket in NSW opens at Oran Park Town, about 1,500 families will be living in the new community.

Oran Park Town milestones during 2014 include:

- Opening of Oran Park Public School K-6 and Oran Park Anglican College
- Opening of Bambino Kindergarten
- Opening of a new builder display village
- The completion of Peter Brock Drive to the Northern Road, and
- Opening in December of the Stage One of the retail complex. The complex includes the largest Woolworths supermarket in NSW (over one acre in size), a shopping centre with 20 specialty stores, parking for 621 cars, a medical centre and 3,800 square metres of office space.

When completed in around 2025, the Oran Park Precinct will be home to 25,000 people. The town centre will offer the benefits of contemporary amenities; and include both mall and main street shopping, civic facilities complemented by a town square.

The Oran Park Town Sale Centre is open opens 7 days a week, 10am to 5pm. Located on Oran Park Drive, Oran Park.
